MOTORMAN KILLED IN STREET CAR ACCIDENT NEAR ELDORA

Freight Car Plunged Into Passenger with Fatal Results to John Kraus

OFFICIALS TO MAKE INQUIRY

In a street car wreck which occurred near the Eldora Land company office, Monday afternoon at 3:35 o'clock, John Kraus, motorman, who lived at McKean and Allenwood avenues, North Charleroi, was so badly injured that he died at 8 o'clock last evening at the Charleroi-Monessen hospital.

Thomas Welsh, his conductor, who lives at 1123 McKan avenue, Charleroi, escaped without injuries, while Motorman Allshouse, of Monongahela, of the freight car which ran into the smaller passenger car, was injured, as was George McKitas, helper on the freight car.

Just prior to the accident traffic had been held up by reason of the work car jumping the track near the switch at the top of the hill. Passenger cars were held up and passengers were required to transfer while the work car was being placed back on the rails.

In the meantime the freight car, F-6, had arrived south bound, and was also held up. For some reason the freight started northward and it is said had no flagman out, to protect against any traffic that might be coming in an opposition direction.

Just at this time passenger car No. 622, in charge of Motorman Kraus and Conductor Welsh was on the way to thecar barn from Donora, but not carrying any passengers. At that point is a sharp curve, where the two cars met. They came together with terrific impact, and as the freight car was the larger and going down grade, it naturally inflicted greater damage on thesmaller car. Motorman Kraus was caught in the wreck and so badly injured that his injuries proved fatal a few hours later in the evening.

A thorough inquiry will be made into the accident to establish the responsibility.

MUSICAL AUXILIARY HOLDS REGULAR MEETING

The Musical Auxiliary was entertained by Mrs. C. Warren Kinder and Miss Ethel Barth at their home on Washington avenue Monday evening. A current events paper was read by Mrs. J. Rusel Blythe, Miss Annetta Wickstrom played the Second Mazurka, Godard and Mrs. A. W. Blackburn read "An Old Sweetheart of Mine." Chorus rehearsal was held. During the social hour refreshments were served by the hostesses. Next Monday evening a short chorus practice will beheld at the home of Mrs. E. A. Nicholson.

NO AGREEMENT HAS BEEN REACHED

No agreement has been reached between the Journeyman and Master plumbers in their differences over the wage situation, and as a consequence all plumbing work in the valley towns is at a standstill.

The new scale between the master plumbers and the journeymen went into effect on January 1 and called for $8 for eight hours work. This rate of wages has been in force during the past two months. In an article yesterday it was stated that three months notice was necessary to make a change in the rate of wages. In this connection we were mininformed as the notice from the journeymen to the master plumbers was given on December 30, 1918 to go into effect on January 1, 1919.

MAN IS CHARGED WITH KILLING WIFE

Tony Martinkoieh, aged 30 years, has been arrested in Monessen, charged with themurder of his wife. It is alleged that Martinkoieh came home Saturday last and found his wife in company with George Brebis, a porter in one of the Monessen hotels. According to Martinkoieh's own admission he became enraged and attacked his wife. He kicked and abused her so unmercifully that she died shortly after. Martinkoieh, after being placed in the lockup, admitted the part he had played in the tragedy.

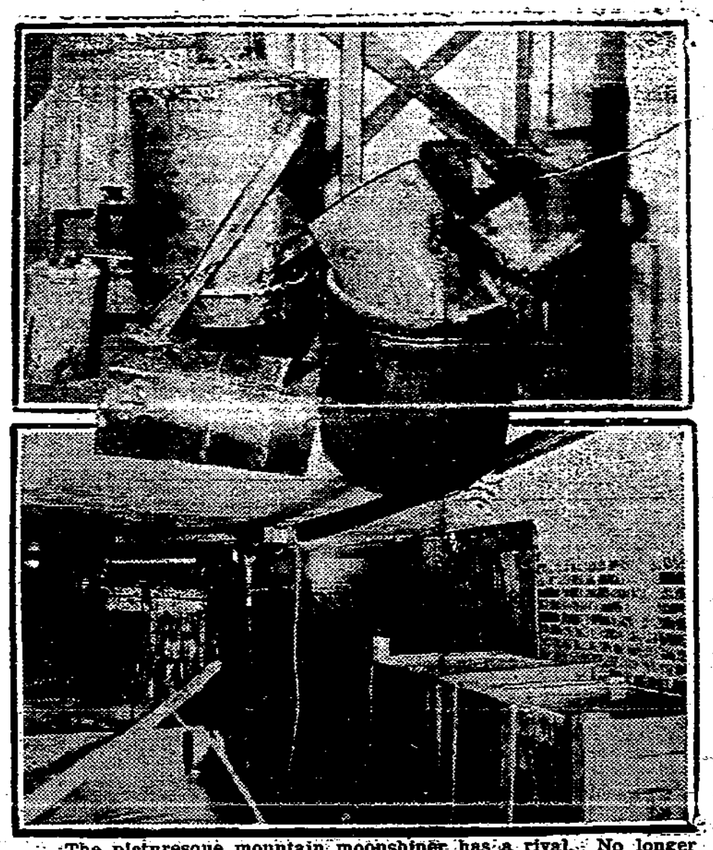
Mountain Moonshine Has Rival



The picturesque mountain moonshiner has a rival. No longer can federal agents center all of their sluethful brains to the study of the sturdy mountaineer and his habits. Of proof thereof—this "moonshine still," which has just been seized in the basement of one of the most prominent apartment houses in Chattanooga, Tenn. Federal agents also unearthed a smaller still in New York City recently, but it was not to be compared with this one where the illicit distilling was operated on wholesale scale. The photo shows the copper distilling equipment in its city home.

Ask For Improvement of Road Through Horseshoe

A number of petitions are being circulated in Donora, Monongahela, Fallowfield and Carroll townships, asking the state to improve a stretch of highway on the Charleroi-Monongahela road. This highway is paved on both ends, but a stretch of about two and one-half miles in the middle remains unimproved. It is thought there is a good chance of having this piece of roadway, which is one of the important links in this section of the valley, taken care of by the state within the next year or so. The comprehensive road program now being prepared by State Highway Commissioner Sadler under direction of Governor Sproul, may include this very important road and for fear that it receives no attention, the citizens of all the communities adjacent to the highway are petitioning for its improvement. If the state should give this road the attention it deserves, it may be possible to have it improved within a reasonably short time, but it is possible the state would add a stipulation that Monongahela would have to take care of that part of the highway which is included in its municipal limits.

McILBRIED-GOAZIOU WEDDING TAKES PLACE

Miss Blanche Goaziou, daughter of Louis Goaziou of Charleroi, and P. T. McIlbried of Monessen, son of Mrs. M. A. Johnston of Macon, Miss., were married at Wellsburg, W. Va., Monday afternoon at 3 o'clock. The ceremony was performed by Rev. Henry F. Lutz, pastor of the First Christian Church of that place. The couple returned to Charleroi Monday evening where a reception was held in their honor at the bride's home.

Marriage license was issued in Washington on Monday to Charles Winfield and Yvonne Tourdot, both of Charleroi, and to John Charles Batley of Charleroi, and Martha Hamilton Simmons of Fredericktown.

WILL HOLD INQUEST NEXT FRIDAY MORNING

Coroner Heffran this morning summoned a jury composed of Harry Scott, J. R. Kelly, S. R. Crawford, Robert Vetter, D. R. Hall and A. L. Bowers, to inquire into the circumstances surrounding the death of John Kraus, who died from injuries received in the street car wreck Monday afternoon near Eldora Land Co. stop. The jury will meet at the morgue of Lawrence B. Frye, Fallowfield avenue, Friday mornng at ten o'clock.

Notice C. M. B. A.

Members of C. M. B. A will meet at the Lyceum this evening at 7:30 to view the remains of brother Matt Stopp. 229-t1p

COUNTY EXPECTS TO GIVE DONORA AN IMPROVED HIGHWAY

BRINGS SUIT AGAINST PITTSBURG COAL CO

The Pittsburg Coal company is defendant in a suit filed in court at Washington on Friday last against it by George W. Dawson of Charleroi. The suit is based on sime switch construction in 1910 over property adjacent to the Crescent mine, which subsequently became the property of the plaintiff. The property is located in East Pike Run township and the suit is based on the construction of a switch which prevented the plaintiff from shipping his coal by rail, his only outlet being by river ,thus depriving him of a better price.

INCOME TAXPAYERS EXPECTED TO ASSIST

"While the Bureau of Internal Revenue is sending to every county in the United States experts to aid in the making out of income tax returns, it is not to be supposed that these officers are to relieve taxpayers altogether of their duty in this respect," said Collector of Internal Revenue C. G. Lewellyn, today. "Many persons without even taking the trouble to glance over the forms, hand them to the revenue officers expecting them to make out the complete return. This necessitates a number of questions which only the taxpayer himself can answer, such as, "Were you in 1913 married and living with wife or husband?"

Taxpayers are urged to read carefully the instructions and fill in the forms to the best of their ability, leaving to the experts only such questions as to which they may be in doubt.

On each form is printed the following.

"If you need assistance go to a deputy collector or to the collector's office, but first read instructions and fill out this sheet in pencil as well as you can."

By reading this advice taxpayers will save themselves and the Government much time nd trouble."

PAVEMENTS NOT TO BE TORN UP

Boroughs wherein the state is to construct street pavements as part of the state highway primary road system, will be required to enter into agreements to prevent tearing up of streets, except for emergency work, for a period of five years, according to an announcement made by Highway Commissioner Sadler at Harrisburg on Monday. "Once our paving is down itwill not be disturbed. We intend to save the state hundreds of thousands of dolars," says the Commissioner in his statement.

Will Replace Present Brick Highway Which Is In Bad Shape

WORK WILL BEGIN THIS SPRING

According to a statement given out by the County Commissioners in Donora on Friday last,the county road between Donora and Monongahela will be rebuilt this coming spring and summer, to replace the roadway now in use and which at present is in a deplorable state.

The Commissioners were at Donora on Friday last, hearing appeals from assessments, and while there were waited upon by a committee of prominent citizens, headed by Burgess Cox, who asked that the road which is now in such a horrible condition be replaced with one built along more modern lines, and which would be capable of standing up under present-day traffic.

President John O. Watson stated that the roadway had received very careful consideration from the commissioners, and that it was their purpose to replace the present highway this spring if the funds of the county could be possibly stretched to reach the amount that will be needed for the work. Mr. Watson stated he realized the importance of this stretch of road and that he was anxious and ready to go as far as the county finances would permit to improve the highway.

Mr. Watson asked if the people of that section would agree to the closing of the highway for a period of six weeks at least, so that the work could be completed with facility, and was assured that the people of Donora would be glad to do without the road for six weeks or two months in order to get a real road.

Commissioners Hill and Barnum also expressed themselves as being heartily in favor of improving the road, which would have a concrete case and paved on top with brick. Concrete curbing would also be a feature, and if the road is constructed according to the plans prepared by County Engineer Cheny it will be one of the best in the county.

CALLS IT A STEAL

Editor "Bill" Watson, of the Donora American, has this reference in his paper last week to the recent statement sent out by the Greensboro Gas Company about the "ready-to-serve" charge to be made to all domestic consumers of natural gas.

"If the Greensboro Gas Company can arbitrarily raise its rate for gas, cut down its interest rate on deposits patrons are forced to put up to guarantee the directors against loss, and then tack 50 cents per month as a "readiness to be soaked" charge, then in fact the rights of the individual are not properly protected by the laws whch govern the operation of our state public service commission.

"What is there to guarantee gas consumers from an additional ready to "serve" charge in 1920. What is to prevent these greedy dispensers of fuel from demanding $5.00 each month instead of 50 cents. They have a corner on the market, they have no competitors who can undersell them and if the public service commission continues to permit them there is nothing left but for the people to pay.

"It may be as is reported that the Gas company submitted their infamous proposal to the Commission before making their announcement. This is all the more reason for indignation among gas consumers. The Public Service Commission was created to protect the people and it should be definitely reminded of tis duty. No defense for the action of the Gas Company can be found except its bold desire to gouge the people."

TREES AS MEMORIALS

People in other parts of the United States should find inspiration in the tree-planting campaign undertaken by the residents of Bell county, Texas. These thoughtful citizens have subscribed liberally to a fund which is being used to beautify the Temple-Belton road or Victory Highway. At every interval of thirty feet a tree is planted on either side of the road, numbered and dedicated by the person who plants it to some Bell county soldier who fought in the Great War, while a label on the tree gives the name and title of thesoldier. With each tree are also planted two pecan nuts and two walnuts. If these produce seedlings, the owner of the tree may take his choice of one of these seedlings or the original tree. Here is a combination of patriotism, aestheticism and utility. The Victory Highway will be useful as well as ornamental for generations to come. It will be sought by the tourist of the future not only for its beauteous shade, but out of sheer respect for the good taste and good sense of the people who designed and developed it.

A WASHINGTON PORTRAIT

One hundred and forty years ago the American artist Wilson Peale painted the portrait of GeneralWashington that President Wilson, a short time ago, unveiled at 10 Downing Street, London; and how remarkable is the sequence of historical events that has placed this particular picture in a building that is held to be the very center of the British government. The portrait crossed the ocean in 1780 with Henry Laurens, who was bound on a mission to Holland, but the vessel was captured by Captain George Keppel, of the British Navy. Laurens was sent to the tower until he was exchanged for Cornwallis; the discovery of the mission led to war between England and Holland; and the portrait of Washington remained in the Keppel family until it was presented to the British Government, when the United States entered the world war.

IN THE BONE DRY PERIOD

After the United States becomes dry, many jails in the country may be in thesame class with the log jail in Brown county, Indiana, which has had no compulsory tenant these seven years, and is to be preserved as a curio. The Brown county jail was built in 1837,"good and solid," accarding to the record, for the handsome sum of $175, and the last prisoner was his own jailer. Sentenced for some petty offense, the keys were turned over to him and he went out every day to work and came back every evening to lock himself up. During this incarceration he also acted as jailer for two other petty offenders serving shorter terms. This sounds like comic opera, but so it was.

"IT IS WORTH ITS WEIGHT IN GOLD" MRS. HILL AVERS

" I seriously doubt if there is a person living who can recommend Tanlac more highly than I do" says Mrs. Amelia Hill, a well-known resident of Shillington, Pa., three miles from Reading.

"I had been a sufferer from indigestion for several years," continued Mrs. Hill and it seemed as if I would never, never get any relief. I tried nearly e very known remedy, and nothing seemed to suit my case. But this Tanlac certainly has, and that is the reason I can so highly recommend it.

"Before I took Tanlac I had very little appetite. My food seemed to ferment quickly and to form a gas that caused heartburn and a sickening sensation that would last for hours afterwards.

"My headaches were something awful. I shudder now when I think of them. My, but what a refief this Tanlac has given me! The medicine is worth its weight in gold to me." The genuine Tanlac bearing name of J. I. Gore Co., is sold by Frank J. John and Piper's Pharmacy.

Rev. George D. Schlosser, a returned missionary from China, spoke at the Free Methodist Mission Monday evening at 7:30 o'clock. Rev. Schlosser was a missionary in that field for 12 years and had quite a number of interesting relics and curios to show his hearers.

A large audience was present at the First Baptist church last Sunday evening, when the pastor delivered the first of the series of special sermons. The subject discussed was 'Five minutes after death." Keen interest was manifested throughout the discourse.

Born—To Mr. and Mrs. Frank Monchecourt, Third Street and Crest avenue, Tuesday, March 4, a daughter.

Fresh fish every day during Lent at the People's Cash Meat Market, 521 McKean avenue. 229-t3

How Far Is This True?

No one can succeed in his own work and keep up with other lines of study; the minister cannot be a natural scientist also, the doctor a student of literature, the business man an historian. It is a phase of normal human growth that general interests gradually grow weak as a man's attention is focused more and more on the one line of his successful effort. Perhaps these statements are true of success as measured merely by efficiency; in many instances they are not fully true because breadth of mind may count for more in the end than a mere trick of doing one thing well. —Anon.

Ancients Worked in Copper.

One of the most interesting discoveries by Egyptologists throws new light on the relative origin of copper and bronze in the Mediterranean countries. At Orru Coanidue, alongside some ancient copper mines of pre-historic age, a foundry has been uncovered with all the furnaces for smelting and molds for casting just as it was abandoned thousands of years ago in the transition periods between the ages of stone and bronze. The methods then obtaining in the foundry industry as here demonstrated were most ingenious.

Remember the Golden Rule

Perhaps the person isn't living who hasn't certain little peculiarities, but that is no reason why some narrow-minded individual should take it upon herself to weave into whole cloth those tiny, discordant ravelings and then pass on her "discovery" to anyone who will listen. If the listener is a believer in the Golden Rule she will not only turn a deaf ear to such a recital, but dismiss her uncharitable informant as quickly as possible.—Exchange.

What Canals Can Do.

There are 400 miles of navigable waterways in Britain, yet the actual percentage of craft on them at the moment is less than one per mile. On the other hand, Germany owes much to her highly efficient and economical canal system. Her water roads link up 700 industrial centers, and goods sent by canal route cost much less than by rail.

Saved to Some Effect.

In Greenville, N. H., a man who believes in saving coppers and nickels paid his taxes with $119.55 in buffalo nickels, $11.80 in old-style nickels, $6 in Lincoln cents and Indian-head cents. Buying a buggy, nearly new, at auction, he paid for it in coppers, and he also paid $27 in cents for a purchase made away from home.

ALLEGHENY COUNTY TAX COLLECTOR THANKFUL TO MAG-RHU COMPANY

63-Year-Old Stomach Sufferer Gains 10 Pounds in Short Time Taking Mag-Rhu

Read Mr. Deininger's Letter

Mag Rhu Company,
Gentlemen:

Enclosed find $2.00 for 2 boxes of Mag Rhu.

I want to tell you that I am very thankful to you for thegood that Mag Rhu has done for me. For years I have suffered with stomach trouble. After every meal I would be bloated and at night I could not sleep. I got so that I was afraid to eat. It did not matter what I ate the pain was sure to come.

JNO. DEININGER

I called on a specialist twice a month for over 2 years and he could do me no good. I have taken patent medicines, dozens of bottles, with no better results.

Now since using Mag Rhu I can eat anything at noon, take a dose of Mag Rhu and in the evening I am ready for another hearty meal, and after taking another dose of Mag Rhu go to bed and sleep soundly all night. I used to sit in the house all day worrying and whining, but now I go out in the field and work as hard as most men of 63 years will. Before starting with Mag Rhu I weighed about 120 pounds, now I keigh 130 pounds and am still gaining.

For all this I have you to thank, and if any prospective patientwants to hear more about the merits of Mag Rhu let them come to me. I can tell them more than I can write.

Yours truly,
Jno. Deninger, Tax Collector,
Plum Township, All'y Co.

Mag Rhu helps digest and assimilate your food, giving you good, rich blood, neutralizes the excessive acids, relieves you of constipation, giving a freedom of action of the nerves, and proper circulation of theblood.

Mag Rhu relieves quickly and harmlessly, all stomach disorders. Contains no harmful drugs, no alcohol.

Prompt results in cases of long standing, when dictors and patent medicines fail, one box will convince you of its merits.

Sold at all drug stores. If your druggist cannot supply you write direct to Mag Rhu company, and a box of Mag Rhu will be sent postpaid upon receipt of $1.10. Address Mag Rhu Co., 207-208 Fitzsimmons Bldg., 331 Fourth avenue, Pittsburg, Pa.

OLD FOLKS TAKE NEW LEASE ON LIFE

They All Look Into the Future With Confidence

This is the situation of hundreds of elderly men and women that have had their youth and health restored in such a short time. Aged men and women who have been steadily declining to the regret and dismay of fond relatives and friends are now hale and hearty, active both mentally and physically. Life to them has renewed the joys and pleasant anticipation of youth, where before it meant the usual steady progress down hill, with the decline and useless burden to themselves and everybody around. How they all dread this and how unnecessary it is.

A lively "old timer" said to our reporter, "I am now seventy years of age and my wife sixty-five and we both feel that any remedy that will truly build up the strength and increase the power of endurance of people of our age should be known to every nervous run down, man woman and child. Phosphated Iron did the work for both of us, and we made up our minds to let all of our friends know about it. Take it from us we certainly have spread the gospel of Phosphated Iron through this neighborhood, so much so that hardly a day goes by without some of our friends stopping to thank us for putting them wise to such a splendid preparation".

Our city is full of just such experiences. There are thousands of men and women in all walks of life who need a strength and blood building nerve tonic, but do not know what to take. For this there is nothing like good old Iron and Phosphates in the right combination "Phosphated Iron" to give increased strength, snap, vigor and staying power together with freedom from all nerve troubles. It enriches the blood, feeds starved nerves, brings a full healthy color to the cheeks, is an unfailing source of renewed vitality, endurance and power for men and women who burn up their nervous energies too rapidly in this day of strenuous business and social competition.

Iron and Phosphates have been known to Doctors for years as being absolutely necessary to enable your blood to change food to healthy, strong, live nourishment and make nerves like Iron. Phosphated Iron will do this for you. Try it today and be a "live one" again. "Done back", *it can be done*, the proof is everywhere around you.

Special Notice: To insure doctors and their patients getting the Genuine Phosphated Iron we have put in capsules only, so do not allow dealers to sell you pills or tablets.

W. F. Hennings, the druggist, and leading druggists everywhere.

TO EVERY PARENT

The habit of saving small sums of money regularly should be taught every child early in life's struggle. The habit of saving, formed in early life, is the foundation of many a fortune.

The department of savings is a special feature with this bank It has many large deposits. It has many small deposits, and all draw the same rate of interest.

San Cura Ointment Relieves Pain, Draws Out Poison and Heals Promptly

There is no better remedy for burns, cuts and bruises than the antiseptic and healing ointment called San Cura.

Every person ought to have a jar on hand; it is the first and best aid to the injured in case of accident, and is the ideal remedy for so many other distressing and painful ailments besides.

For example, it is guaranteed by Henning's Drug store and Piper Bros., Druggists, to relieve itching, bleeding and protruding piles eczema, tetter, ulcers, salt rheum, boils, carbuncles and pimples or money back.

In case of old running sores, no matter how long standing, a few poultices of San Cura Ointment will draw out the poison, and leave them in such a thoroughly aseptic condition that they will heal promptly.

We advise every reader to get a jar of San Cura Ointment today, and keep it ready for any accident or emergency that may happen. 30 cents, 60 cents and $1.20 at Henning's Drug Store and Piper Bros., Druggists on the money-back plan.

SOAP FOR THE SCALP

San Cura Soap is delightful for shampooing, because it is full of antiseptic properties that banish the germs of dandruff and other impurities from the scalp. It removes pimples and blackheads, too. 25 cents a cake at Henning's Drug Store and Piper's Drug Store.

If your druggist doesn't keep it send to the Thompson Medical Co., Titusville, Pa. adv

Says Mag-Rhu Is Doing More for Stomach Sufferers Than Any Other Remedy

Be Sure to Visit Piper's Drug Store This Week and Have a Talk With Mrs. Beck, The Mag-Rhu Woman. She Will Be There all Week from Monday, March 3 to Saturday March 8

Mrs. Josephine Beck, 52 Lawrence street, Millvale, Pa., who has been handling remedies and coming in direct touch with people for sixteen years claims that Mag Rhu is relieving more stomach sufferers and is giving better satisfaction than any remedy she has ever sold. Mrs. Beck is very grateful and happy to recommended Mag Rhu to her thousands of customers and friends. As most all stomach remedies either contain alcohol or harmful poisonous drugs, Mrs. Beck says that from now on she will only recommend and sell May Rhu, which contains neither alcohol nor harmful drugs.

Mag Rhu is a guaranteed remedy for permanent relief of all kinds of stomach trouble—Indigestion, Dyspepsia, Heartburn, Bloat, Zelchings, Sour and Gassy Stomach, Heavy Dull Feeling After Eating, Dizziness, Stomach Pains.

Prompt results in cases of long standing, when everything else you have tried has failed. One box will convince you of its merits. Price of box refunded if, after a thorough trial according to directions, you do not get results.

Honor The Dead

One of the most beautiful customs of man—a practice as old as civilization—is the erection of memorials to the departed. The human mind has ever been stirred to its depths and moved to great achievements in its efforts to preserve the memory of the dead. Our modern and improved equipment assures perfection of workmanship and service, plus economy, making three very good reasons why you should turn to us for your materials.

GIVES TERMS ON INCOME TAX RETURNS

There will beno extension of time for filing returns and paying income and excess profit taxes after March 15, except in cases of illness or unavoidable absence. Collector of Internal Revenue C. G. Lewellyn stated on Monday. It had been erroneously reported that extensions would be granted after the date fixed for payment of the tax. Itwas also stated by Mr. Lewellyn that one-fourth of the total tax for the calendar year of 1918 must be paid before March 15, regardless of any circumstances.

The collector issued a bulletin on Monday explaining what itmeant by "head of a family," which means it states a person who actually supports in one household one or more persons closely connected with him by blood relationship, by marriage or by adoption. Whether in absence of continuous residence with his dependents a person is the head of a family depends upon the character of the separation. A full and complete explanation of the subject can be obtained at the office of the collector of internal revenue in the Federal bulding in Pittsburg.

WOULD INCREASE TREASURERS' SALARIES

Senator M. G. Leslie of Allegheny county, is endeavoring to put a bill through the Assembly, which would permit salaried county treasurers of the state to retain 10 per cent on each hunter's license issued. When the hunter's license law was placed on the statute books in 1913 the county treasurers were allowed to keep 10 cents on each license issued, for services rendered by them. The courts ruled that salaried treasurers could not retain this money. As practically all of the county treasurers of the state are salaried officers this money has been going into the county treasury. Should the measure become a law it would add $750.00 to the salary of the treasurer of Washington county.

HIGH TRIBUTE TO RALPH T. WHEELER

Mrs. Peter E. Sample of 1015 McKean avenue, received the following clipping from a Bakersfield, Cal., newspaper, which refers to the death of Ralph T. Wheeler. The paper said:

"Ralph T. Wheeler, leader of the Hippodrome orchestra, and one of the best known young men of the city, died last evening at his residence, Twenty-fifth and L streets. He had been ill with influenza pneumonia less than two weeks, having been taken sick on February 6. His condition was considered critical a few days ago, but on last Tuesday evening, the night he was elected a member of the B. P. O. E he was much better and the news of his election cheered him greatly. However, the dreaded double pneumonia set in and the end came. His wife, his parents and uncle and aunt were with him when he passed away.

"Mr. Wheler was aged 27 years, was born in Washington, Pa., and came to Bakersfield about seven years ago. He was an accomplished piano player and teacher and soon became the leader of the Hippodrome orchestra. He was a member of the Eagles Aerie of Uniontown and of the Bakersfield Musician Union.

"One of the great ambitions of his life was also to join the B. P. O. E., and his application went in last week along with some thirty others, one of the largest classes in the lodge's history. His initiation was to have taken place Tuesday night, February 18, and his dying request was that Bakerfield Elks accord him the fraternal recognition at his funeral.

"As an ochestra leader Mr. Wheeler had won wide fame and his orchestra was considered one of the best in central California."

Mr. Wheeler was well known in Charleroi, at one time playing at the Coyle theatre and was also a member of the Shady Grove Park orchestra at Uniontown for a number of years.

MAKE CHANGE IN HIGHWAY OFFICIALS

A change in the personnel of the state highway officials of Washington county became effective today, W. D. Meyers succeeding C. E. Myers as engineer and R. E. Eisminger of Centerville succeeding P. A. Paulson as superintendent of highways.

C. E. Myers goes to the Pittsburg district, which includes Allegheny, Beaver and Westmoreland counties. His successor, W. D. Meyers, in this district, comprising Washington, Greene and Fayette counties, comes from Bellefonte, where he was in charge of district No.1 Mr. Paulson goes from Washington to Fayette county as superintendent of highways. Mr. Eisminger, who succeeds him in this county, has been in the department for about six y ears and is well qualified for the position and well recommended by the state highway department. The headquarters for the county are located at Washington.

THE MEN IN CLASS A1

A sound, healthy man is never a back number. A man can be as vigorous and able at seventy as at twenty. Condition, not years, puts you in the discard. A system weakened by overwork and careless living brings old age prematurely. The bodily functions are impaired and unpleasant symptoms appear. The weak spot is generally the kidneys. Keep them clean and in proper working condition and you will generally find yourself in Class A. Take GOLD MEDAL Haarlem Oil Capsules periodically and your system will always be in working order. Your spirits will be enlivened, your muscles supple, your mind active, and your body capable of hard work.

Don't wait until you have been rejected. Commence to be a first-class man now. Go to your druggist at once. Get a trial box of GOLD MEDAL Haarlem Oil Capsules. They are made of the pure, original, imported Haarlem Oil—the kind your great-grandfather used. Two capsules each day will keep you toned up and feeling fine. Money refunded if they do not help you. Remember to ask for the imported GOLD MEDAL Brand. In three sizes, sealed packages.

RHEUMATICS LIMBER UP

Get-Rid of All Stiffness and Soreness

Men and women who suffer from the pains and aches of rheumatism, this is for you! Get rid of stiff knees, painful, swollen feet, knotted fingers; oil up your joints, loosen up your muscles, throw off years of suffering! Yes, you can do it! No matter how many failures you have made.

Here are the simple directions: Go to your druggist and buy a bottle of "Neutrone Prescription 99"—take it as directed — within twenty-four hours you'll note the good effects—take it faithfully for a couple of weeks—then presto! You're feeling ten years younger, you're moving around comfortably, your pains and aches have disappeared—weather conditions don't affect you—you're well again!

Thousands of cases are recorded where "Neutrone Prescription 99" has worked marvelous cures. We want to spread its fame everywhere; we want to put it within the reach of everybody. Get a bottle—you'll say it's the best investment you ever made.

W. F. Hennings, the druggist, and leading druggists everywhere.

OF GENERAL INTEREST

Bulgarian Blood Tea—What It Is and Why Such Seemingly Wonderful Results Have Been Obtained By Its Use—Is Worthy of Investigation of All.

It is, indeed, seldom that we depart from routine news of a commercial or financial nature, but occasionally when our attention has been directed to some product of science or invention of such general usefulness as to constitute a boon to humanity, we do not hesitate to make brief mention of it, believing that in so doing we are best serving the interests of our readers.

Thus in the present instance we have no hesitation in making a brief comment upon Bulgarian Blood Tea, a "Made in Pittsburgh" product which is known the country over for its valuable natural blood purifying properties. A brief history of the matter may be of interest to our readers. For centuries the Bulgarians have been noted for their longevity, for, in spite of the natural adverse conditions of the country, it is not at all uncommon for Bulgars to live to be a hundred years old and more. In fact, statistics show that there are more persons 100 years old in the small population of Bulgaria than in any other nation of the world. This is due to the fact that they take proper care of themselves and that as a race they use nature's remedies for medicine. It was from Bulgaria that Bulgarian Blood Tea first came, it being made according to a formula that dates back for centuries and has been used by the Bulgars during that time.

The formula was given to Henry H. von Schlick some seventeen years ago by an old inhabitant, who showed how the combination of herbs, roots, bark, seeds, leaves, etc., were combined and properly treated, and by Mr. von Schlick it was brought to this country, and has since been manufactured by the company of which he is the head.

It has been just as effective in America as in Europe, and the demand for it is increasing rapidly. The secret of its popularity, if secret there be, is due to the fact that it is said to be nature's own remedy for the purification of the blood, and that it acts as a stomach regulator, as well as having a very favorable action on the liver and kidneys, and by eliminating in a natural way the poisons from the human body, it is an efficient aid to general good health.

Bulgarian Blood Tea is in no sense of the word a cheap "cure-all," else it would never be mentioned in these columns. It is stated to be an effective remedy for a specific purpose, and by keeping the system in excellent condition and aiding nature in her work, it has the effect of aiding in preventing illness, as well as restoring strength and power, and by doing away with constipation and regulating disorders of the digestive organs, it will be found invaluable for young or old. We say invaluable for the reason that if space permitted it would be possible to give a long list of very interesting letters which have been received by the manufacturers. Wisely, we believe, the company does not use these letters, but it has many on file at its offices, which more than substantiate every claim for the remedy. Under these circumstances it is impossible to question the value of the product, especially as the manufacturers further show their faith in it by selling it upon a "money back" guarantee, and it is a fact that it has never yet been called upon to make good this guarantee. It may be stated that the remedy has also received many endorsements of a high character from druggists and others, and as the company is at all times pleased to answer any proper questions or supply data concerning its product, such as may be interested will do well to investigate.

Bulgarian Blood Tea is made by the Marvel Product Company, Marvel Building, Pittsburgh, Pa., which company also manufacturers a number of other remedies for various diseases, all of which are also very popular. The Bulgarian Blood Tea is for sale by all druggists throughout the country, or will be supplied by mail direct from the manufacturers if it cannot be otherwise obtained, and in view of what we have been able to learn concerning the product during an investigation made without the knowledge or assistance of anyone connected with the company, we do not hesitate to make this unsolicited comment concerning it.—Commercial Journal, Philadelphia, Pa.

SAW HUMOR OF THE SITUATION

Commanding Officer, Dreaded as a Martinet, Proved He Was Not Altogether a "Bear."

There is a certain major-general in the A. E. F. who is a great stickler for discipline and military forms. Most generals are that, but this one is a regular martinet. The soldier who fails to salute and to "snap it out" when the general is around is in for an extended spell of that intensive form of culinary labor known as "kitchen police," or for something worse.

One afternoon the general was driving along when his car met a soldier on foot. The enlisted man stared hard at the vehicle and its august passenger, but made no move to extend the required courtesy.

The general was indignant. He ordered his driver to stop and hailed the plodding private in his best military voice.

"What do you mean by failing to salute me?" he roared.

"I beg your pardon, sir, but I didn't know you were a general," apologized the soldier, standing at attention.

"You didn't know I was a general, eh? Well, didn't you see those two stars on my car? Don't you know what two stars mean?"

"Yes, sir, I know what they mean. They mean that you have two sons in the army," said the "buck."

The general told this story himself that evening at the staff mess and now his aids and the other staff officers know that he isn't such a "bear" as they had thought him.—Exchange.

WAS A NURSE IN FOUR WARS

English Woman, Veteran of Many Previous Campaigns, Served in World Struggle.

Mrs. Teresa Eden Richardson, who died recently at Bath, England, was a worker in the hospitals of four wars. She held the South African medal, the Order of the Crown of Japan, the Japanese Red Cross Order of Merit, two Greek medals and the 1914 Star.

During the South African war, says the London Times, Mrs. Richardson nursed at a hospital at Bloemfontein, when the epidemic of enteric fever tried to the utmost the resources of the medical staff. Afterward, through the Japanese minister, she was attached to the Red Cross society of Japan during the war with Russia.

Later she nursed at Athens during the war between Greece and Turkey, and when the present war broke out, being then sixty-eight years old, she went to Brierfort, near Brussels. After the German armies had occupied that place she nursed at one of the hospitals of Antwerp throughout the bombardment, she and her maid being the only persons who remained at her hotel. Mrs. Richardson was one of the last to leave the town, escaping down the Scheldt in a coal barge crowded with refugees. The privation endured at this period seriously affected her health and she was compelled to abandon further attempts to render help in Red Cross hospitals in London and Nice.

Nuts as Food.

Many people are just beginning to find out that nuts are a valuable source of food. Most varieties have a high nutritive value, due to their fat and protein content.

Chestnuts stand in a class by themselves, being largely carbohydrate in composition. They are good boiled and mashed. Serve as potatoes or use as stuffing for a fowl. Butternuts, black walnuts, English walnuts, filberts, hazel nuts, hickory nuts, pecans and almonds all may be used as fat savers, for they are especially rich in fat. It is certain that if you have on hand a large supply of nuts you can add attractive and varied dishes to your meals at little expense. The protein and fat are combined in the nut much as they are in meat, which makes it a good substitute for meat. Vegetarians have learned to make many attractive combination dishes from nuts, such as nut loaves, croquettes and souffles, which they serve in place of meat.

How Britain Saved the Babies.

Great Britain has adopted drastic measures to provide milk for her babies, according to J. C. Welliver in the National Geographic Magazine.

"If the adult patron of a public eating house," he says, "buys and drinks a glass of milk as a beverage, he is liable to a fine of $25, and the proprietor subjects himself to a like penalty."

The result has been that "the death rate among infants under five years old has been about one-half the rate in prewar times. For the first time in the modern history of Britain there has been milk enough for all the babies, and good milk."

Jane had a new tricycle, but had been told not to leave the front walk. Instead of minding her mother she rode around the block. On her return her mother scolded her and asked why she did not obey. Jane thought of no good excuse, so said: "Well, I didn't fink you would care if I just went behind the block."

Wrist Blotter.

In these days of wrist watches there seems to be a call for the simple wrist blotter recently invented by Harland W. Cardwell of Texarkana, Tex. This device consists merely of a curved blotter back, blotter and a wrist strap, so that the blotter may be worn on the right hand of the user. Thus the blotter is instantly available for use, and the pen does not have to be laid down.
